

Bachelor of Design in City Innovation (BDCI) Registration Guide: F25-W26 (Second Year) Quick Reference

Overview of this Quick Reference Guide

On this page, you will find a summary aid of all the courses recommended for second-year registration in the Fall 2025 and Winter 2026 semesters. For additional details, please refer to the various resources listed on the [BDCI Degree Planning page](#). Reserve caps for non-DSGN courses lift on **July 22, 2025** – **seats saved for BDCI students will be removed on this day.**

Recommended Course Sequence (Year Two)

**Courses marked with an asterisk (*) need to be taken in the same semester as they are corequisite courses.*

+Courses marked with the obelisk (+) refer to transscalar studio courses. Choose a transscalar studio of different scale for each semester. Students must complete one of each scale (i.e., small, medium, and large) to graduate.

All highlighted sections in yellow must be taken together as they are scheduled in the same classroom.

All highlighted sections in blue must be taken together as they are scheduled in the same classroom.
