

# Bachelor of Design in City Innovation (BDCI) Registration Guide: F26-W27 (Third Year) Quick Reference

## *General Pathway*

### Overview of this Quick Reference Guide

On this page, you will find a summary aid of all the courses recommended for third-year registration in the Fall 2026 and Winter 2027 semesters. For additional details, please refer to the various resources listed on the [BDCI Degree Planning page](#). Reserve caps for non-DSGN courses lift on **July 21, 2026** – **seats saved for BDCI students will be removed on this day.**

### Recommended Course Sequence (Year Three)

*\*Courses marked with an asterisk (\*) need to be taken in the same semester as they are corequisite courses.*

*†Courses marked with the obelisk (†) refer to transscalar studio courses. Choose a transscalar studio of different scale for each semester. Students must complete one of each scale (i.e., small, medium, and large) to graduate.*

*§You only need to take one of each category of courses, but not both. This can also affect prerequisites and course sequencing. Sometimes, these courses are offered in different semesters so you will need to plan accordingly (please speak with an advisor for support). These specific courses are:*

- *One of DSGN 241 or SUST 401*
- *One of DSGN 253 or ENTI 201 (students taking the [Embedded Certificate in Entrepreneurial Thinking](#) must take ENTI 201)*
- *One of DSGN 263 or DATA 201*
- *One of DSGN 441 or SUST 401 (students taking the [Embedded Certificate in Sustainability Studies](#) must take SUST 401)*

**General reminder that you do not need to take all the courses listed in this reference – this reference provides all the enrolment information for you to choose sections quicker during your Enrolment Start Time.**

## Fall Semester

## Winter Semester
