MARCH 23 META + THESIS STUDENT RESEARCH CONFERENCE
The Fifth Annual SAPL Student Research Conference will take place on March 23-24, 2021. This year's conference seeks to highlight the work undertaken at SAPL that pushes boundaries, creativity, and transcends established norms, targeting entrepreneurial thinking, innovations and new approaches to design, innovation and theory. Register →

APRIL 14 DEADLINE | 2021 CANADIAN OFF-SITE CONSTRUCTION STUDENT DESIGN COMPETITION
Open to all faculties (architecture, building science, engineering, etc) students will select a site in Canada and design a building that incorporates off-site construction in a significant way. Students will work in teams of 1-4 students. Interdisciplinary teams are encouraged! The competition is intended to spark student interest and showcase Canadian student design innovation in modular, prefabricated, panelized and other types of off-site
construction.

About the School of Architecture, Planning and Landscape

The School of Architecture, Planning and Landscape (SAPL) offers undergraduate and professional graduate studies in architecture, planning and landscape architecture, as well as research degrees and post-professional programs. SAPL delivers a distinctly different design school experience that combines a rich, interdisciplinary design-based philosophy with an entrepreneurial mindset and a deep commitment to working with industry stakeholders, community leaders, at local, national, and international levels to
address some of society’s biggest challenges in new, creative ways. SAPL recently opened a pilot satellite research hub in downtown Calgary called the City Building Design Lab. Connect with us on Instagram, Facebook, Twitter, and LinkedIn.
