EVENTS & OPPORTUNITIES

Join us in this two-hour open house. We will be presenting the students' work that explores great opportunities for future development in Crowsnest Pass.

This two-hour long community open house is an opportunity for community members and students to discuss a series of design concepts and ideas for future development. Key topics include the future of housing, heritage and historic preservation, open space and recreation opportunities and mobility.

Project. The Municipality of Crowsnest Pass and the University of Calgary's School of Architecture, Planning and Landscape are collaborating in a land use and development study for Crowsnest Pass. This study is being completed by students of the Master of Planning program as part of their final master's thesis. In this project students will focus on current urban development issues and produce a final report that addresses the most pressing issues and explores potential opportunities for future development in the community. While this is an academic exercise students will work together with the community members to develop a study that could become a tool of design ideas and strategies for future land use and development decisions.

online - open house
6:00pm Friday 16 April 2021
(two-hour open house)
please RSVP @ <https://www.eventbrite.ca/e/crowsnest-pass-university-of-calgary-future-development-open-house-tickets-149001277833>

CROWSNEST PASS OPEN HOUSE | APRIL 16 | 6:00PM MDT

Planning students have been working with the Municipality of Crowsnest Pass this term. Join the online Open House on Friday, April 16, to learn more about the students' design concepts and ideas for future development.

TELUS SPARK VOLUNTEER OPPORTUNITY | APRIL 15 OR APRIL 22

Telus Spark is looking for an architecture/planning student with a specialization in nature inspired architecture or sustainable architecture to speak with a group of Grade 3 students via Zoom. The student would provide visual content to inspire the young designers in their own designs of buildings/structures/communities that are inspired by nature or have reduced environmental impact. If interested and available on April 15 or April 22, please [email](#) Donna Kipta.

APRIL 29 AT 12:00PM MDT | YES LIVE!

The most anticipated event of 2021, the Year End Show (YES) will take place on April 29! The committee has been hard at work to create a memorable experience for all. You don't want to miss it.
