SCHOLARSHIP OPPORTUNITY

The Canadian Precast/Prestressed Concrete Institute (CPCI), under an agreement with Mitacs, is offering a $20,000 per year scholarship, renewable upon satisfactory approval for a second year, for a total of $40,000.

WORKSHOP CLOSURE + CONSTRUCTION

Please note that the workshop will be closed Friday, July 7 and 14 and there will be no access to the facilities on these days. Construction will also commence on June 26 and last for approximately three weeks, so the back half of the shop will be closed to everyone but the technical staff. There will be no access to the large lasers and decreased CNC availability. Thank you for working with us and understanding the predicament at this time.
