Here we go! | SAPL Newsletter: August 21

It's Time!

Birds flying high, you know how I feel... Sun in the sky, you know how I feel... Breeze driftin' on by, you know how I feel... It's a new dawn, it's a new day, it's a new life... And I'm feeling good.
There’s never been a year like this – our first undergrad students will soon call SAPL home, others are about to start their graduate journeys, while others come back for their final year before embarking on their chosen professions. So many learning opportunities, so much new research, new collaborations and new creations... it all starts with Orientation Week.

EVENTS

Save the date

The LC150+ international traveling exhibition of Le Corbusier models is coming to SAPL, in the curated form of Le Corbusier: An Archipelago of Ideas. Dozens of models expertly curated bring to life Le Corbusier’s undeniable accomplishments, avant-garde vision, transgenerational impact, and sometimes questionable legacy.

Le Corbusier: Global Architect

Miquel Adria, Mexico City

The first lecture in SAPL's 2023-24 Design Matters lecture series will serve as the opening night event for the LC150+ travelling exhibition, being hosted by SAPL for the month of September at the CBDLab. The lecture will build on themes of modern architecture, its legacy, colonial dynamics, and the global scale of its impact. Register here
